## Integral Concrete Color Technical Data and Usage

- 1. Integrally color an indoor or outdoor concrete slab.
- 2. Create rich, solid color for your concrete countertop with concrete pigment. Black and Blue are our most popular colors.
- 3. Add color to overlay for a brand new concrete surface. Over 100 colors to choose from, pre-measured for each box of overlay. No hassle!
- 4. Don't paint and save money! Color stucco with Concrete Pigment! Vivid colors, easy maintenance!
- 5. Choose the perfect color for Do-lt-Yourself grout. Mix and apply!
- 6. Spruce up your brick home, fireplace mantel or re-point your stone walls with colored mortar.
- 7. Concrete pigment is perfect for cultured and pre-cast stones. Just mix and pour.
- 8. Making pavers? Our pigments wil give outdoor concrete the enduring color your customers are looking for.
- 9. Does your restoration project call for colored plaster? We've got the pigment for you!
- 10. Revive your stamped outdoor concrete with Liquid Colored Antique. Over 40 colors available to make old concrete look new again!

The colors on this chart were mixed with 94 lbs. of white Portland cement.

Direct Colors Inc. Concrete Pigments can be used to add color to concrete, stucco, plasterm mortar, grout, overlay and other cementitious materials. Our dry powder pigments can be used for both large and small projects.

To achieve the colors on our color chart, calculate for any batch size on our website, www.directcolors.com/resources/project-calculators.

Direct Colors pigments are lightfast, odorless, alkali and weather resistant, UV stable, non-hazardous, chemically inert, water insoluble, providing consistent color and tested to ASTM C979.

Our pigments are available for purchase in any quantity year round. Color matching provided for some projects.

INTEGRAL COLOR DISCLAIMER: Because the conditions of use and application of our products are beyond the control of Direct Colors Inc., Direct Colors makes no warranty regarding workmanship and other variables that do not involve the performance of our pigments. Buyer's sole remedy shall be the purchase price paid by the user or buyer for the quantity of the Direct Colors product involved. All colors represented on these color charts are actual photographs of integrally colored concrete samples using Direct Colors pigments sealed with a solvent-based sealer. Differences in type and even brand of cement can and will influence the final color appearance. For best results, sample materials prior to beginning a project.
